- How do we decide our musical selections? *First take a look at my repertoire page to get an idea of the music I play. For key moments (ceremony entrance/exit, first dance) we discuss your requirements and confirm the month before your event.*
- Is there a set list, or we can request special music? *Requests are always welcome. I constantly add new music to my repertoire based on requests and current trends.*
- Are there travel fees to our venue? *I am based in SW France and travel within 2 hours of my home, most venues are included in my fees, I will let you know if travel fees are required at the initial enquiry.*
- Do you play with amplification? *I do, based on the size of the area where I am playing & number of guests.*
